

Write an Observation: Sample Solution

Here is a sample solution from the previous exercise. Your solution could be different from what we have here. Most importantly, try to be objective.

It could be that you tried to interpret the data against the hypothesis. This is what you do in step 3 Learning & Insights, for example: *Young adults search less for specific investment vehicles and more for general introductory training for beginners.*

Scroll down to update your solution if you got it wrong.

Test Card

Strategyzer

Test Name	SEARCH TREND ANALYSIS	Deadline	
Assigned to	MONIQUE	Duration	

STEP 1: HYPOTHESIS

We believe that

YOUNG ADULTS 18-24y WANT TO LEARN ABOUT INVESTMENT STRATEGIES

STEP 2: TEST
